Nothing in this Franchise shall be construed to prohibit the Franchisee from offering any service over its Cable System that is not prohibited by federal or state law.

(b) This Renewal Franchise is granted under and in compliance with the Cable Act and RSA 53-C of the Laws of New Hampshire, and in compliance with all rules and regulations of the FCC and other applicable rules and regulations in force and effect during the period for which this Renewal Franchise is granted.

(c) Subject to the terms and conditions herein, the Franchising Authority hereby grants to the Franchisee the right to construct, upgrade, install, operate and maintain a Cable Television System within the Public Way.

SECTION 2.2 - TERM: NON-EXCLUSIVITY

The term of this non-exclusive Renewal Franchise shall be for a period of ten (10) years and shall commence on January 14, 2008, following the expiration of the current Franchise, and shall terminate at midnight on January 13, 2018. The term of this Renewal Franchise is subject to all provisions of New Hampshire law and applicable federal law, as such laws may be from time to time amended.

SECTION 2.3 – RENEWAL OF FRANCHISE

The renewal of this Franchise shall be governed by applicable federal law and regulations promulgated there under and by applicable New Hampshire law.

SECTION 2.4 - NON-EXCLUSIVITY OF FRANCHISE [See also - RSA 53-C:3-b]

All franchises shall be nonexclusive. The Town shall not grant any additional franchises to cable service within its jurisdiction on terms or conditions more favorable or less burdensome than those in this existing franchise within the Town.

SECTION 2.5 - RESERVATION OF AUTHORITY

Nothing in this Renewal Franchise shall (i) abrogate the right of the Franchising Authority to perform any public works or public improvements of any description, (ii) be construed as a waiver of any codes or bylaws/ordinances of general applicability and not specific to the Cable Television System, the Franchisee, or this Franchise, or (iii) be construed as a waiver or release of the rights of the Franchising Authority in and to the Public Ways. SECTION 2.6 - POLE AND CONDUIT ATTACHMENT RIGHTS

Pursuant to RSA 231:161, permission is hereby granted to the Franchisee to attach or otherwise affix including, but not limited to cables, wire, or optical fibers comprising the Cable Television System to the existing poles and conduits on and under public streets and ways, provided the Franchisee secures the permission and consent of the public utility companies to affix the cables and/or wires to their pole and conduit facilities. By virtue of this Franchise the Franchising Authority grants Franchisee equal standing with power and telephone utilities in the manner of placement of facilities on Public Ways.

ARTICLE 3 - SYSTEM SPECIFICATIONS AND CONSTRUCTION

SECTION 3.1 - AREA TO BE SERVED

(a) The Franchisee shall make Cable Service available to every residential dwelling unit within the Town where the minimum density is at least twenty (20) dwelling units per aerial mile and forty (40) dwelling units per underground mile providing however, that such dwelling units are within one (1) mile of the existing Cable System and the Franchisee is able to obtain from property owners any necessary easements and/or permits in accordance with Cable Act. Subject to the density requirement, Franchisee shall offer Cable Service to all new homes or previously unserved homes located within one hundred seventy-five feet (175') of the Franchisee's Distribution Cable. For non-Standard Installations the Franchisee shall offer said service within ninety (90) days of a Subscriber requesting such for aerial installations and one hundred eighty (180) days, weather permitting, of a Subscriber requesting such for underground installations. With respect to areas of the Town which are currently served by Franchisee from a contiguous cable television system or currently unserved but could be served by abutting town(s) served by Franchisee, Franchisee shall have the option to serve such areas from its cable television system in such abutting town.

(b) Installation costs shall conform with the Cable Act. Any dwelling unit within one hundred seventy-five feet (175 ft.) aerial or one hundred seventy-five feet (175 ft.) underground of the Distribution Cable shall be entitled to a Standard Installation rate, unless the sub-surface is a hard surface or requires boring through rock or a similar hard surface (i.e. concrete, asphalt, etc.). Installations of more than one hundred seventy-five feet (175 ft.) or which involve a hard surface or which require boring shall be provided at a rate established by the Franchisee in accordance with applicable federal and state laws. For installations more than one hundred seventy-five feet

(175 ft.), not involving a hard surface, the first one hundred seventy-five feet (175 ft.) shall be at the Standard Installation rate.

(c) Provided Franchisee has at least ninety (90) days' prior written notice concerning the opening of residential subdivision trenching, or of the installation of conduit for the location of utilities, it shall install its cable in such trenching or conduits or may seek permission to utilize alternative trenching or conduits within a comparable time frame. If a substantial quantity of cable is required for a large subdivision and said quantity is not in stock, the Franchisee shall be allowed additional time for said installation. The Franchising Authority, or its designee, shall exercise reasonable efforts to have the Planning Board and developers give timely written notice of trenching and underground construction to the Franchisee. Developer shall be responsible for the digging and back-filling of all trenches.

(d) If all of the transmission and distribution facilities of all of the respective public or municipal utilities, if any, in Town are underground, the Franchisee shall place its Cable Systems' transmission and distribution facilities underground; provided that (1) such underground locations are actually capable of accommodating the Franchisee's cable and other equipment without technical degradation of the Cable System's signal quality, and (2) the Franchisee is reimbursed for its costs associated with such underground placement if reimbursement is made to any of the other respective utility companies in Town. Such reimbursement shall be through payment from the Town. In any area of Town where the transmission or distribution facilities of the respective public or municipal utilities are both aerial and underground, the Franchisee shall have the discretion to construct, operate, and maintain all of its transmission and distribution facilities, or any part thereof, aerially or underground. Nothing in this Section shall be construed to require the Franchisee to construct, operate, or maintain underground any ground-mounted appurtenances such as customer taps, line extenders, system passive devices, amplifiers, power supplies, pedestals, or other related equipment.

(e) The Company shall provide cable service to dwelling units not meeting the above density requirement set forth in subsection (a), if the requesting customers contribute to the capital cost of

construction for extending the line. The cost of contribution by such customers shall be calculated by taking the capital cost of extending such service divided by the number of dwelling units in such area minus the costs extending service to dwelling units in an area along the Public Ways that meets the twenty (20) dwelling units per aerial mile, or forty (40) dwelling units per underground mile, or fractional proportion thereof as specified in subsection (a) above. The resulting aid in construction cost shall equal the per dwelling unit contribution relating to line extension of cable service in that particular area of the Town, or:

$$C/LE - CA/P = SC$$

* C equals the cost of construction of new plant from existing Cable System from the end of the current serviceable line to the last pole necessary to serve the last participating dwelling unit. The costs do not include the installation charges;

* LE equals the number of dwelling units requesting service in the line extension area and who subsequently pay a contribution in aid;

* CA equals the average cost of construction per mile in the primary service area;

* P equals franchise density of twenty (20) dwelling units per aerial of aerial plant or forty(40) dwelling units per underground mile; and

* AC equals aid in construction per dwelling unit in the line extension area.

Each subscriber shall pay his/her proportionate share of the cost of the line extension representing the difference between the number of dwelling units requesting service in the extension area and the average cost of an aerial mile constructed to serve twenty (20) homes/linear strand mile.

Grantee may require prepayment of the contribution in aid of construction and written commitment for basic cable television service.

Whenever a prospective subscriber or subscribers located in a line extension area requests a site survey to determine the cost of bringing cable service, Grantee shall, within thirty (30) days of the request, conduct a survey and inform each of the prospective subscribers of the contribution in

aid of construction that may be charged. Grantee shall apply for pole attachment agreements within thirty (30) days of its receipt of the contribution in aid of construction from all subscribing dwelling units, and shall make available cable service within ninety (90) days from the receipt of the pole attachment agreements and other necessary permits by Grantee, subject to weather, Force Majeure, and the performance of make ready.

The Franchisee shall maintain a Cable Television System, fully capable of carrying a minimum bandwidth of 750MHz.

SECTION 3.3 - SUBSCRIBER NETWORK CABLE DROPS

(a) The Franchisee shall maintain the current level of existing active Drops, Outlets and Basic Cable Service, at no charge to the Town, to each Public Building located along the existing cable route as of the Effective Date, as designated by the Franchising Authority within the Town, listed in **Exhibit A** attached hereto, provided such are considered to be a Standard Installation and absent of other unusual installation conditions and requirements.

(b) Franchisee shall provide one (1) Drop, Outlet and Basic Cable Service at no charge to all new Public Buildings and other Town owned Public Buildings, along the Distribution Cable subject to the limitations set forth above. The Franchising Authority or its designee shall consult with a representative of the Franchisee to determine the appropriate location for each Outlet prior to requesting that the Franchisee install the free service.

(c) Nothing in this Section shall require the Franchisee to move existing Drops or Outlets, as listed in **Exhibit A**, or install an additional Drop or Outlet to any municipal or Town owned or leased Public Building which already have a free Drop or Outlet.

(d) It is understood that the Franchisee shall not be responsible for any internal wiring of such Public Buildings.

ARTICLE 4 - TECHNOLOGICAL AND SAFETY STANDARDS

(b) The construction, maintenance and operation of the Cable Television System for which this Renewal Franchise is granted shall be done in conformance with all applicable laws, bylaws of general applicability, codes and regulations, including but not limited to OSHA, the National Electrical Safety Code, and the rules and regulations of the FCC as the same exist or as same may be hereafter changed or amended.

(e) The signal of any Broadcast station carried on the Cable Television System shall be carried without material degradation in quality at all subscribing locations within the limits imposed by the technical specifications of the Cable System and as set forth by the FCC. The Cable System shall be operated and maintained so as to comply with the technical standards set forth in the FCC's rules and regulations as they apply to cable television systems.

(f) Upon written notice from the Franchising Authority, the Franchisee shall remedy a general deficiency with respect to the technical standards described herein within three (3) months of receipt of notice and a safety deficiency within forty-eight (48) hours of receipt of notice and shall notify the Franchising Authority when the deficiency has been corrected.

SECTION 4.2 - REPAIRS AND RESTORATION

Whenever the Franchisee needs to disturb any pavement, sidewalk or any other improvement of any public right-of-way, pursuant to applicable law and in the event that other similar utilities are required to do the same, Franchisee shall make written application to the Franchising Authority or its Designee, such as the Road Agent, identifying the location and extent of the work required. The Franchising Authority or its Designee shall grant permission to engage in such work in accordance with the terms and conditions consistent with the granting of such permission to any other entity. Whenever the Franchisee takes up or disturbs any pavement, sidewalk or other improvement of any public right-of-way or public place, the same shall be replaced and the surface restored in as good condition as reasonably possible as before entry as soon as practicable. If the Franchisee fails to make such restoration within a reasonable time, or said restoration is unsatisfactory, the Franchising Authority may fix a reasonable time for such restoration and repairs, and shall notify the Franchisee in writing of the restoration and repairs required and the time fixed for the performance thereof. Upon failure of the Franchisee to comply within the time specified, the Franchising Authority may cause proper restoration and repairs to be made and the expense of such work shall be paid by the Franchisee upon written demand by the Franchising Authority. However, prior to such repair or restoration, the Town should submit a written estimate to the Franchisee of the actual cost of said repair or restoration. Upon failure of the Franchisee to

SECTION 8.7 - REVOCATION OF FRANCHISE

Upon written notice, the Franchise issued hereunder may, after due process, opportunity to cure and public hearing held by the Franchising Authority, subject to any other rights available to the Franchisee, be revoked by the Franchising Authority for any of the following reasons:

SECTION 8.8 - NOTICE AND OPPORTUNITY TO CURE

In the event that the Franchising Authority has reason to believe that the Franchisee has defaulted in the performance of any or several provisions of this Renewal Franchise, except as excused by Force Majeure, the Franchising Authority shall notify the Franchisee in writing, by certified mail, of the provision or provisions which the Franchising Authority believes may have been in default and the details relating thereto. The Franchisee shall have ninety (90) days from the receipt of such notice to:

(a) respond to the Franchising Authority in writing, contesting the Franchising Authority's assertion of default and providing such information or documentation as may be necessary to support the Franchisee's position; or

(b) Should the State of New Hampshire, the federal government or the FCC require the Franchisee to perform or refrain from performing any act the performance or non-performance of which is inconsistent with any provisions herein, the Franchising Authority and the Franchisee will thereupon, if they determine that a material provision herein is affected, modify any of the provisions herein to reflect such government action.
