BETWEEN THE TOWN OF STRAFFORD, NEW HAMPSHIRE
AND

WHEREAS, MetroCast Cablevision of New Hampshire LLC (hereinafter "**MetroCast**" or "**Franchisee**") is the duly authorized current holder of a cable television franchise authorizing the construction and operation of a cable communications system in the Town of Strafford, New Hampshire (hereinafter "**Town**"), said franchise having originally commenced on January 12, 1999 (the "**1999 Franchise**"); and

WHEREAS, MetroCast filed a timely request for a renewal of its 1999 Franchise by letter dated July 27, 2007 in conformity with Applicable Law (as defined below) ; and

WHEREAS, there has been an opportunity for public comment on MetroCast's franchise renewal proposal, as required by Section 626 of the Cable Act (as defined below); and

WHEREAS, MetroCast historically has upgraded and expanded its facilities and services voluntarily as subscriber demand for new services and technologies has developed during the term of the 1999 Franchise, including the recent upgrade of the hybrid fiber optic and coaxial cable network to 860 MHz through which a variety of video and communications services are being provided to the Town's residents; and

WHEREAS, the Town Board of Selectmen has determined that the communications services and programming provided by MetroCast contribute significantly to the communications needs and interests of the Town and its residents and institutions; and

and maintain a Cable System to provide Programming within the municipal limits of the Town of Strafford.

(b) The Franchise is subject to the requirements of Applicable Law, including the Cable Act and RSA 53-C of the laws of New Hampshire, and in compliance with all rules and regulations of the FCC and all other applicable rules and regulations in force and effect during the period for which this Franchise Agreement is granted. To the extent permitted by Applicable Law, the Franchising Authority specifically reserves all authority granted it under RSA 231:160 et. seq. to manage, regulate and control the public right-of-way, as such authority relates to the provisions of telecommunications services including, but not limited to, RSA 33:3-g. To the extent permitted by Applicable Law, Franchisee specifically reserves all rights and authority it has or may have in the future under Applicable Law to provide lawful communications services over its Cable System.

(c) Subject to the terms and conditions herein, the Franchising Authority hereby grants to the Franchisee the right to construct, operate and maintain the Cable System, which may include poles, wires, optical fibers, amplifiers and other property and equipment as are necessary in, under, over, along, across and upon the Public Ways and other public places and property under the jurisdiction of the Town, including other property over which the Town has a sufficient compatible easement or right-of-way, for the purpose of reception, transmission, amplification, origination, distribution or redistribution of Programming in accordance with Applicable Law.

(d) Franchisee must comply, if applicable, with all the requirements of RSA 231:160 et seq. for obtaining conduit or pole licenses for any conduits or poles that Franchisee wishes to install.

SECTION 2.2 – NON-EXCLUSIVITY

The right to use and occupy the Streets, Public Ways and public places shall not be exclusive, and the Town reserves the right to grant similar or other uses of the said Streets, Public Ways and public places to any Persons for a similar Cable System or otherwise at any time during the term of the Franchise. The Franchisee hereby acknowledges the Town's right to

make such grants and permit such uses subject to the requirements of Applicable Law and Section 2.8(a) of this Agreement.

SECTION 2.3 – DURATION OF FRANCHISE

The term of this non-exclusive Franchise shall be for a period of ten (10) years commencing on the Effective Date and shall terminate at midnight on March 10, 2019

SECTION 2.4 – RENEWAL OF FRANCHISE

The renewal of this Franchise shall be governed by the requirements of Applicable Law.

SECTION 2.5 – FRANCHISE FEE

(a) Franchisee shall pay to the Town as a Franchise Fee a sum equal to 2 percent (%) of the Franchisee's Gross Revenues, as defined herein, derived during each year of the Franchise. Said payment shall be made semi-annually within thirty (60) days after the end of the Franchisee's fiscal year and the six (6) month anniversary thereof. Should the Franchisee change its fiscal year, it shall notify the Town in writing of such change ninety (90) days prior to the effective date of such change and the payment schedule stated above shall be adjusted accordingly. Each payment shall be accompanied by a statement certifying the factual basis for payment, including a break-down by category and source of Franchisee's Gross Revenues upon which such payment is based. The Franchising Authority may designate in writing one or more particular Town account(s) or fund(s), including any non-capital reserve fund duly established, to which the Franchisee shall direct Franchise Fees due hereunder.

SECTION 2.6 – TRANSFER OR ASSIGNMENT

(a) This Franchise or any part of this Franchise, or control thereof, shall not be transferred or assigned to any Person who is not an Affiliate without the prior written consent of the Franchising Authority, which consent shall not be arbitrarily or unreasonably withheld, conditioned or delayed and shall be governed by applicable provisions of the Communications Act. Notice of any transfer or assignment shall be made in writing by the Franchisee to the Franchising Authority.

(b) For purposes of this section, any sale, assignment or any other disposition of a majority ownership interest of the parent company of the Franchisee to any unaffiliated Person or group of Persons acting in concert, in one transaction or a series of related transactions shall be deemed to be a transfer within the meaning of this section.

(c) The Franchisee shall not enter into any management contract or any other arrangement for the management of the Cable System or any part of the Cable System providing direct Cable Services to Subscribers, however structured, without the prior written consent of the Town, which consent shall not be unreasonably withheld, conditioned or delayed.

(d) If there shall be filed against Franchisee in any Court, pursuant to any statute either of the United States or of any State, a Petition at Bankruptcy or insolvency or for reorganization or for the appointment of the receiver or trustee of all or a portion of Franchisee's property, and if, within sixty (60) days thereof, Franchisee fails to secure a discharge thereof, or Franchisee shall voluntarily file any such petition or make an assignment for the benefit of creditors, Franchisee shall notify the Town of such fact within five (5) days of its occurrence. Any subsequent sale of the Cable System, or any part thereof, or cable property or facilities, or the Franchise shall be treated as a transfer or assignment and the provisions of this section requiring approval of the Town shall apply, provided, however, that the Town shall not unreasonably delay, condition or withhold the grant of approval. The term "bankruptcy" as used herein shall include an assignment for the benefit of creditors.

(e) In reviewing any request to transfer or assign control or ownership of the Franchise, the Town shall analyze such factors as whether the proposed assignee has the appropriate technical, legal, managerial and financial capacity to operate the Cable System.

(f) Unless the parties otherwise agree, in consenting to any transfer, the Town does not waive its right to pursue Franchisee for violation of the provisions of this Agreement and the Franchisee does not waive its rights or any defense it may have to the Town's claims. All terms of this Agreement shall be binding on transferees except as otherwise agreed to. The Town, as part of its review process, may impose reasonable conditions on the transferee before granting consent. Such conditions shall be calculated to insure performance of this Franchise. Such conditions may include, but are not limited to, the requirements that all terms of the current

franchise be upheld by the transferee or that the Franchising Authority is entitled to compensation of the net present value of any Franchise terms not met by the transferee.

SECTION 2.7 – EFFECT OF UNAUTHORIZED ACTION

The unauthorized assignment of the Franchise or transfer of control of the Franchisee in violation of Section 2.6 shall be null and void and shall be deemed a material breach of this Franchise, and the provisions of Sections 7.6 and 7.7 shall apply.

SECTION 2.8 – EQUAL PROTECTION PROVISION

(a) Pursuant to RSA 53-C:3-b, the Town shall not grant any additional franchises to cable service within its jurisdiction on terms or conditions more favorable or less burdensome than those in any existing franchise within the Town.

(b) For providers not regulated under RSA 53-C, the Town agrees to impose, to the extent allowed by law, comparable Access Channel requirements, a fee in lieu of a franchise fee, and comparable conditions for use of the rights-of-way. If Franchisee believes that it is at a competitive disadvantage as a result of a competing multichannel video programming provider that is not required to be licensed by the Franchising Authority, the Franchisee and the Franchising Authority agree that Section 625 of the Communications Act (47 U.S.C. § 545) will be applicable. The Franchising Authority and the Franchisee agree that the terms and conditions of any such potential competition are unforeseeable as of the Effective Date of the Franchise. In the event the parties cannot reach an agreement, the Franchising Authority and Franchisee agree to submit the dispute to arbitration pursuant to the rules of the American Arbitration Association. Due to the technical nature of the subject matter, the Franchising Authority and Franchisee shall confer regarding the selection of a technically qualified arbitrator or arbitrators. If unable to agree on one arbitrator pursuant to the rules of the American Arbitration Association, they agree to have a panel of three arbitrators resolve the dispute. The Franchising Authority and Franchisee shall each offer the name of an arbitrator acceptable to it and together the Franchising Authority and Franchisee shall agree on a third arbitrator for that panel.

(c) Any such additional franchise(s) shall be granted on the condition that such franchisee(s) shall indemnify and hold harmless the Town and Franchisee from and against all costs and expenses incurred in strengthening poles, rearranging attachments, placing

underground facilities and all other costs (including those of the Town and Franchisee) incident to inspections, make-ready and construction of an additional cable system within the Town.

(d) The Town agrees that it will not use, or authorize others to use, the designated Access Channel(s), if any, or other facilities, the Institutional Network facilities, if any, or other designated Franchisee Subscriber network facilities to provide for-profit commercial services.

(e) If the Federal Government or the State of New Hampshire issues a franchise or other authorization permitting another Person to construct, operate and maintain a Cable System in the Town and such Person begins construction of a competing Cable System in the Town, then MetroCast, in its sole discretion, may terminate this Agreement on ninety (90) days advance written notice to the Town and opt to provide Cable Service to the Town pursuant to such Federal or State franchising process. If the Town is prevented by operation of law from implementing the requirements of Section 2.8 and such Person begins construction of a competing Cable System in the Town, then MetroCast, in its sole discretion, may terminate this Agreement on ninety (90) days advanced written notice to the Town and opt to provide Cable Service to the Town pursuant to the franchise or other authorization granted to any competitor pursuant to such Federal, State or local franchising process.

SECTION 2.9 – POLE AND CONDUIT ATTACHMENT RIGHTS

(a) Pursuant to RSA 231:161 and subject to Section 2.1(e), permission is hereby granted to the Franchisee to attach or otherwise affix cables, wires, optical fiber cables and related equipment comprising the Cable System to the existing poles and conduits on public streets and ways, provided the Franchisee secures permission and consent of the public utility companies to affix its cables and/or wires to their pole and conduit facilities and provided further that the Town shall determine the location of all such poles or conduit consistent with Applicable Law. All such attachments shall comply with the requirements of Applicable Law and Section 2.1(e), above. All poles and conduit installed within the service area, as defined herein at Section 3.1, shall be made available for attachment or use by Franchisee at just and reasonable rates applied to public utilities under the formula presently established by Applicable Law. Franchisee may erect its own poles and install its own conduit, with approval of the location of

such installation by the Town, pursuant to Applicable Law and Section 2.1(e), which approval shall not be unreasonably withheld. The Town grants Franchisee equal standing with the power and telephone utilities in the matter of placement of facilities on Public Ways subject to the ultimate authority of the Town to determine the location of all installations.

(b) In all areas of Town where public utilities are aerially placed, if subsequently during the term of the Franchise such utility lines required by local ordinance or state law to be relocated aerially or underground, Franchisee shall similarly relocate its Cable System. Any costs of relocating utility poles, trenching for the placement of underground conduits and relocation or modification of related facilities shall be proportionally shared by all affected companies, including reimbursement of such costs, as provided by Applicable Law.

SECTION 2.10 – POLICE AND REGULATORY POWERS

Franchisee's rights are subject to the powers of the Town to adopt and enforce general ordinances necessary for the safety and welfare of the public, provided that such ordinances are of general applicability and not specific to the Cable System, the Franchisee, or this Franchise, including ordinances and regulations pertaining to management, control and regulation of public rights-of-way but only to the extent authorized or allowed by State law and Federal law. Any conflict between the terms of this Franchise and any present or future exercise of the Franchising Authority's police and regulatory powers shall be resolved by a court or governmental agency with appropriate jurisdiction. Nothing in this Section 2.10 shall be deemed a waiver of any rights or defenses that Franchisee may have under Applicable Law.

ARTICLE 3 SYSTEM SPECIFICATIONS AND CONSTRUCTION

SECTION 3.1 – SERVICE AREA; LINE EXTENSIONS

(a) **Present Service Area.** As of the Effective Date of this Franchise Agreement, MetroCast provides Cable Service in the present service area as indicated on the map highlighted in green of Exhibit B. Cable Service shall be provided to every existing dwelling unit requesting Cable Service and located on Streets and Public Ways as marked in green on Exhibit B, provided Franchisee is able to obtain from property owners any necessary easements at no cost and/or any applicable permits

(b) **Extension of Service Area.** As of the Effective Date of this Franchise Agreement, the Franchisee agrees to extend service to such new homes at no cost where there are ten (10) occupied single family residential dwelling units per mile contiguous to the existing

Cable System or fractional portion thereof. Service will be automatically extended to newly developed or previously excepted areas which later meet the density requirement. The Franchisee shall have the right, to be exercised in its sole discretion, to extend Cable Service to others parts of the Franchise Area not meeting the density requirement. Such other areas may be serviced upon request and upon payment arrangements for the cost in time, materials and labor, permits and pole make-ready work. Franchisee may also require minimum service commitments from subscribers in those parts of the Franchise Area not meeting the density requirement.

The areas of the Town highlighted in purple on the map attached as Exhibit B shall be constructed within six (6) months of the Effective Date of this Franchise Agreement subject to force majeure, completion of pole make-ready, or availability of construction crews and equipment.

In the case of new construction or property development where utilities are to be placed underground, the developer or property owner shall give Franchisee reasonable notice of not less than forty-five (45) days prior to such construction or development, and, if applicable, of the particular date on which open trenching will be available for Franchisee's installation of conduit, pedestals and/or vaults, and materials to be provided at Franchisee's expense. Franchisee shall also provide specifications as needed for trenching. Cost of trenching and easements required to bring service to the development shall be borne by the developer or property owner.

Under all circumstances, the Cable System shall pass new units within five (5) months after a resident requests service, subject to events of force majeure, utility make ready and Franchisee's ability to receive access to the new units.

SECTION 3.2 – SUBSCRIBER CONNECTION

(a) The Franchisee shall, within fifteen (15) days of written request by the occupant of a dwelling, connect the Cable System to a dwelling at standard installation charges if the dwelling is within three hundred (300) aerial feet of the nearest Feeder Cable, if no special trenching or boring is required, completion of any required utility make ready and only if the dwelling is properly internally wired to meet the Franchisee's specifications to prevent signal leakage.

(b) Residences located over three hundred (300) aerial feet from Feeder Cable or requiring special trenching or boring shall be considered non-standard installations and charged an additional one-time installation fee equal to the actual costs for materials and labor required to complete installation of service, except that the distance for the cable drop from the end of the

extended Feeder Cable to the residence, if less than three hundred (300) aerial feet, shall be considered a standard installation.

(c) Franchisee shall complete construction of any such Subscriber connections within ninety (90) days of either a written request by the owner of the dwelling or within ninety (90) days of the date any necessary easements are obtained, whichever occurs later, taking into account and subject to weather, force majeure, completion of any required make-ready work, availability of construction crews and materials. If requested by the Franchising Authority, Franchisee shall provide a written report to the Town completely explaining its failure to meet the time frame stated herein.

SECTION 3.3 – RESIDENTIAL SYSTEM

The Franchisee shall install and maintain its wire, cable, fixtures, and other equipment in such a manner as shall not interfere with any installations of the Town.

(e) All structures and all lines, equipment and connections in, over, under, and upon streets, sidewalks, alleys, and public streets and Private Roads and places of the Town, wherever situated or located, shall at all times be kept and maintained in a safe and suitable condition and in good order and repair.

with the proper use of Streets, as defined herein, and to cause minimum interference with the rights of property owners who abut any of the said Streets, and not to interfere with the existing public utility installation. Except as otherwise permitted by Applicable Law, Franchisee shall have no vested right in a location except as granted herein by the Franchise, and such construction shall be removed by Franchisee at its own cost and expense whenever the same restricts or obstructs or interferes with the operation or location of said Streets, provided, however, that this standard shall apply to all persons and entities owning lines, cables, distribution structures, and equipment, and provided further that the Franchisee shall not be required to remove any such construction solely to accommodate needs of competing Cable Systems.

Except in an emergency, or for insignificant interruptions of thirty (30) minutes or less which may occur during the course of normal maintenance, Franchisee will use best efforts to interrupt service only between the hours of midnight and 7:00 a.m.

(b) Whenever the Franchisee takes up or disturbs any pavement, sidewalk or other improvement of any public Streets or Private Roads or places, the same shall be replaced and the surface restored in as good condition as before entry as soon as practicable. In no event shall such restoration be made later than ten (10) business days, weather permitting or due to events beyond the reasonable control of Franchisee, after Franchisee's receipt of written notification from the property owner so damaged unless otherwise agreed by Franchisee and the property owner. Upon failure of the Franchisee to comply within the time specified (unless the Franchising Authority sets an extended time period for such restoration and repairs) or if such

(c) In addition, upon the failure, refusal or neglect of Franchisee to cause any work or other act required by law or by this Franchise to be properly completed in, on, over or under any Street within any time prescribed, the Town may cause such work or other act to be performed or completed in whole or in part, and upon so doing shall submit to Franchisee an itemized statement of prevailing rates and the cost thereof. expenses and costs; and provided further that nothing herein shall be deemed or construed as a waiver or relinquishment by Franchisee of any right to reimbursement of costs and expenses under Applicable Law.

SECTION 4.4 – TREE TRIMMING

The Franchisee shall have the authority to trim trees upon and overhanging Streets, alleys, sidewalks and Public Ways and places of the Town so as to prevent the branches of such trees from coming in contact with the wires, cables and equipment of the Franchisee, in accordance with applicable State law and any Town ordinances and regulations. Nothing herein shall be deemed to require Franchisee to maintain records of oral complaints which can be handled to the customer's satisfaction in the course of the initial conversation in which the complaint is made or which does not require technical field response. Upon request and in accordance with RSA 53-C:3-e II(e), the Franchisee shall provide to the Town an accounting of the number and nature of such written complaints.

Such losses, costs and expenses shall include, but not be limited to, reasonable attorneys' fees and other legal, consulting and auditing expenses. Nothing herein shall be deemed to permit the Town to collect more than the sums that are due to it. The Town may not recover these sums from multiple parties.

(b) In the event that the Franchisee fails to cure, or to take reasonable steps to cure, the default within sixty (60) days, (or such other time period reasonably established by the Franchising Authority, at the written request of the Franchisee) the Franchising Authority shall schedule a public hearing with fifteen (15) days written notice to the Franchisee. The Franchisee shall be provided a reasonable opportunity to offer evidence and to be heard at such public hearing.

(c) Within thirty (30) days following any such public hearing, the Franchising Authority shall determine if the Franchisee is in default and, if so, the Franchising Authority may then pursue any and all lawful remedies, including revocation of this Franchise.

SECTION 7.6 – REVOCATION OF FRANCHISE; DEFAULT

The Franchise issued hereunder may, after due notice and hearing as defined herein, be revoked by the Franchising Authority for any of the following reasons:

- (i) For failure to comply with any of the material terms and conditions of the Franchise;
- (ii) The repeated failure, as determined by the Franchising Authority, to maintain signal quality pursuant to FCC standards;
- (iii) For any transfer or assignment of the Franchise Agreement or control thereof without consent of the Franchising Authority;
- (iv) For failure to maintain a performance bond as described in Section 7.4 or to maintain insurance as described in Section 7.2.

SECTION 7.7 – REMOVAL OF SYSTEM

Upon termination of the Franchise Agreement or of any renewal hereof by passage of time or otherwise, the Franchisee shall remove its supporting structures, poles, transmission and distribution systems and other appurtenances from the Streets, ways, lanes, alleys, parkways, bridges, highways, and other public places in, over, under, or along which they are installed and shall restore the areas to their original condition. If such removal is not completed within six (6) months of such termination, the Franchising Authority may deem any property not removed as having been abandoned, or at the Franchisee's expense remove or cause to be removed any components of the Cable System and restore the areas to their original condition.

SECTION 7.8 – INCORPORATION BY REFERENCE

All presently and hereafter applicable conditions and requirements of Federal and State law and the rules and regulations of the FCC, as they may be amended from time to time are incorporated herein by reference and shall control the interpretation and performance of this Franchise, to the extent that any provision of this Franchise conflicts with or is inconsistent with such laws, rules or regulations.

ARTICLE 8 MISCELLANEOUS

SECTION 8.1 – SEVERABILITY

SECTION 8.7 – FINAL AGREEMENT

The Agreement stated herein, in writing, constitutes the final agreement between the parties.

SECTION 8.8 – PROPRIETARY AND CONFIDENTIAL INFORMATION

If the Franchisee reasonably believes that any documentation to be provided to the Franchising Authority in accordance with the provisions of this Agreement contains proprietary or confidential information, then the Franchisee shall provide the Franchising Authority with

written notice thereof, and thereafter the Franchising Authority will safeguard the information against disclosure, to the extent authorized under RSA Chapter 91-A.

SECTION 8.9 – STANDARD OF REASONABLENESS

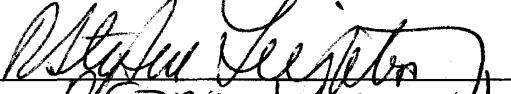

Whenever a party to this Agreement is required, or has the right or discretion, to take an action or to refrain from taking an action with respect to a particular matter, then, in the exercise of any of its contractual obligations or rights, such party shall take such action or refrain from taking such action as is reasonable under the circumstances that exist at the time the action or non-action occurs.

SECTION 8.10 – GOVERNING LAW

This Agreement is governed by and construed in accordance with the Communications Act and the FCC regulations and policies adopted pursuant thereto, except where the law of the State of New Hampshire may control, in which case the law of the State of New Hampshire will govern (collectively, **“Applicable Law”**). All rights, requirements and obligations under this Agreement are subject to the requirements and limitations of Applicable Law. (5) Channel positions of programming carried on the system; and

(6) Billing and complaint procedures, including the address and telephone number of the local franchise authority's cable office.

(f) Notwithstanding any other provision of part 76 of this chapter, a cable operator shall not be required to provide prior notice of any rate change that is the result of a regulatory fee, franchise fee, or any other fee, tax, assessment, or charge of any kind imposed by any Federal agency, State, or franchising authority on the transaction between the operator and the subscriber.

CUSTOMER SERVICE REGULATIONS

Code of Federal Regulations 47 CFR §76.309

Sec. 76.309 Customer Service Obligations

(a) A cable franchise authority may enforce the customer service standards set forth in paragraph (c) of this section against cable operators. The franchise authority must provide affected cable operators ninety (90) days written notice of its intent to enforce the standards.

(b) Nothing in this rule should be construed to prevent or prohibit:

(1) A franchising authority and a cable operator from agreeing to customer service requirements that exceed the standards set forth in paragraph (c) of this section;

(2) A franchising authority from enforcing, through the end of the franchise term, pre-existing customer service requirements that exceed the standards set forth in paragraph (c) of this section and are contained in current franchise agreements;

(3) Any State or any franchising authority from enacting or enforcing any consumer protection law, to the extent not specifically preempted herein; or

(4) The establishment or enforcement of any State or municipal law or regulation concerning customer service that imposes customer service requirements that exceed, or address matters not addressed by the standards set forth in paragraph (c) of this section.

(c) Effective July 1, 1993, a cable operator shall be subject to the following customer service standards:

(1) Cable system office hours and telephone availability--

(i) The cable operator will maintain a local, toll-free or collect call telephone access line which will be available to its subscribers 24 hours a day, seven days a week.

(A) Trained company representatives will be available to respond to customer telephone inquiries during normal business hours.

(B) After normal business hours, the access line may be answered by a service or an automated response system, including an answering machine. Inquiries received after normal business hours must be responded to by a trained company representative on the next business day.

(ii) Under normal operating conditions, telephone answer time by a customer representative, including wait time, shall not exceed thirty (30) seconds when the connection is made. If the call needs to be transferred, transfer time shall not exceed thirty (30) seconds. These standards shall be met no less than ninety (90) percent of the time under normal operating conditions, measured on a quarterly basis.

(iii) The operator will not be required to acquire equipment or perform surveys to measure compliance with the telephone answering standards above unless an historical record of complaints indicates a clear failure to comply.

(iv) Under normal operating conditions, the customer will receive a busy signal less than three (3) percent of the time.

(v) Customer service center and bill payment locations will be open at least during normal business hours and will be conveniently located.

(2) Installations, outages and service calls. Under normal operating conditions, each of the following four standards will be met no less than ninety-five (95) percent of the time measured on a quarterly basis:

(i) Standard installations will be performed within seven (7) business days after an order has been placed. Standard'' installations are those that are located up to 125 feet from the existing distribution system.

(ii) Excluding conditions beyond the control of the operator, the cable operator will begin working on "service interruptions" promptly and in no event later than 24 hours after the interruption becomes Known. The cable operator must begin actions to correct other service problems the next business day after notification of the service problem.

(iii) The "appointment window" alternatives for installations, service calls, and other installation activities will be either a specific time or, at maximum, a four-hour time block during normal business hours. (The operator may schedule service calls and other installation activities outside of normal business hours for the express convenience of the customer.)

(iv) An operator may not cancel an appointment with a customer after the close of business on the business day prior to the scheduled appointment.

(v) If a cable operator representative is running late for an appointment with a customer and will not be able to keep the appointment as scheduled, the customer will be contacted. The appointment will be rescheduled, as necessary, at a time that is convenient for the customer.

(3) Communications between cable operators and cable subscribers--

(iii) Refunds--Refund checks will be issued promptly, but no later than either--

(A) The customer's next billing cycle following resolution of the request or thirty (30) days, whichever is earlier, or

(B) The return of the equipment supplied by the cable operator if service is terminated.

(ii) Credits--Credits for service will be issued no later than the customer's next billing cycle following the determination that a credit is warranted.

(4) Definitions--

Those conditions which are not within the control of the cable operator include, but are not limited to, natural disasters, civil disturbances, power outages, telephone network outages, and severe or unusual weather conditions.
