(b) This Renewal Franchise is granted under and in compliance with the Cable Act and RSA 53-C of the Laws of New Hampshire, and in compliance with all rules and regulations of the FCC and other applicable rules and regulations in force and effect during the period for which this Renewal Franchise is granted.

SECTION 2.3 – RENEWAL OF FRANCHISE

The renewal of this Franchise shall be governed by applicable federal law and regulations promulgated hereunder and by applicable New Hampshire law.

SECTION 2.4 - NON-EXCLUSIVITY OF FRANCHISE [See RSA 53-C: 3-b]

(a) The Franchisee acknowledges and agrees that the Franchising Authority reserves the right to grant one or more additional Franchises to other Cable Service providers within the Town for the right to use and occupy the Public Ways or streets within the Franchising Authority's jurisdiction; provided, however, that in accordance with RSA 53-C:3-b(1) no such Franchise agreement shall contain terms or conditions more favorable or less burdensome to the competitive entity than the material terms and conditions herein, including, but not limited to: franchise fees; payment schedules; insurance; system build-out requirements; performance bonds or similar instruments; public, education and government access channels and support; customer service standards; required reports and related record keeping; and notice and opportunity to cure breaches. If any such additional or competitive Franchise is granted by the Franchising Authority which, in the reasonable opinion of the Franchisee, contains more favorable or less burdensome terms or conditions than this Renewal Franchise, the Franchising Authority agrees that it shall amend this Renewal Franchise to include any more favorable or less burdensome terms or conditions.

(b) In the event an application for a new cable television Franchise is filed with the Franchising Authority, proposing to serve the Town, in whole or in part, the Franchising Authority shall serve a copy of such application upon any existing Franchisee or incumbent cable operator by registered or certified mail or via nationally recognized overnight courier service within a reasonable time thereafter.

(c) To the extent allowed by applicable law(s), the grant of any additional cable television Franchise(s) shall be on equivalent terms and conditions as those contained in this Renewal Franchise.

(d) The issuance of additional Franchise(s) shall be subject to all applicable federal and state laws, including RSA 53-C: 3-b and applicable regulations promulgated hereunder.

(e) In the event that the Franchisee believes that any additional Franchise(s) has been granted on terms or conditions more favorable or less burdensome than those contained in this

Along with said written request, the Franchisee shall provide the Franchising Authority with written reasons for its belief. At the public hearing, the Franchising Authority shall afford the Franchisee an opportunity to demonstrate that any such additional Franchise(s) are on terms more favorable or less burdensome than those contained in this Renewal Franchise. The Franchisee shall provide the Franchising Authority with such financial or other relevant information as is requested.

(f) Should the Franchisee demonstrate that any such additional Franchise(s) have been granted on terms and conditions more favorable or less burdensome than those contained in this Renewal Franchise, the Franchising Authority shall make equitable amendments to this Renewal Franchise within a reasonable time.

(g) In the event that the Franchisee demonstrates that an existing or future Cable Service provider in the Town has been provided relief by the Franchising Authority from any obligation of its Franchise, then the Franchisee shall be awarded an equivalent amount of relief from obligations herein. is not required by applicable law to be Franchised by the Franchising Authority, and to the extent that the Franchisee reports to the Franchising Authority, in writing, that the providing of such Cable Services by such Person(s) or Multichannel Video Programming Distributor is having a negative financial impact upon the Franchisee's Cable System operations in the Town, the Franchisee may request, in writing, that the Franchising Authority convene a public hearing on that issue. The Franchising Authority shall convene said hearing within thirty (30) days of receipt of a hearing request from the Franchisee.

- (i) Along with said written request, the Franchisee shall provide the Franchising Authority with a written basis and written reasons for its determination of such negative impact. At the public hearing, the Franchising Authority shall afford the Franchisee an opportunity to present the basis and the reasons for its determination. The Franchisee shall provide the Franchising Authority with such financial and other relevant information as is reasonably requested.
- (ii) Should the Franchisee demonstrate that the Cable Service(s) of such Person(s) is having a negative financial impact upon the Franchisee's Cable System operations in the Town, the Franchising Authority shall make equitable amendments to this Renewal Franchise.

SECTION 2.5 - RESERVATION OF AUTHORITY

Nothing in this Renewal Franchise shall (i) abrogate the right of the Franchising Authority to perform any public works or public improvements of any description, (ii) be construed as a waiver of any codes or bylaws/ordinances/ordinances of general applicability and not specific to the Cable Television System, the Franchisee, or this Franchise, or (iii) be construed as a waiver or release of the rights of the Franchising Authority in and to the Public Ways. Any conflict between the terms of this Renewal Franchise and any present or future exercise of the municipality's police and regulatory powers shall be resolved by a court of appropriate jurisdiction.

ARTICLE 3
SYSTEM SPECIFICATIONS AND CONSTRUCTION

SECTION 3.1 - AREA TO BE SERVED

(a) The Franchisee shall make Cable Service available to every residential dwelling unit within the Town where the minimum density is at least twenty (20) dwelling units per aerial mile and forty (40) dwelling units per underground mile providing however, that such dwelling units are within one (1) mile of the existing Cable System and the Franchisee is able to obtain from property owners any necessary easements and/or permits in accordance with Cable Act. The Franchisee shall make service available to multiple dwelling units (MDU) where economically feasible and providing that the Franchisee is able to obtain from the property owners any necessary easements, permits and agreements to provide service to said MDU. Subject to the density requirement, Franchisee shall offer Cable Service to all new homes or previously unserved homes located within two hundred feet (200') of the Franchisee's Distribution Cable. For non-Standard Installations the Franchisee shall offer said service within ninety (90) days of a Subscriber requesting such for aerial installations and one hundred eighty (180) days, weather permitting, of a Subscriber requesting such for underground installations. With respect to areas of the Town which are currently served by Franchisee from a contiguous cable television system or currently unserved but could be served by abutting town(s) served by Franchisee, Franchisee shall have the option to serve such areas from its cable television system in such abutting town.

(b) Installation costs shall conform with the Cable Act. Any dwelling unit within two hundred feet (200 ft.) aerial or two hundred feet (200 ft.) underground of the Distribution Cable shall be entitled to a Standard Installation rate, unless the sub-surface is a hard surface or requires boring through rock or a similar hard surface (i.e. concrete, asphalt, etc.). Installations of more than two hundred (200 ft.) or which involve a hard surface or which require boring shall be

provided at a rate established by the Franchisee in accordance with applicable federal and state laws. For installations more than two hundred feet (200 ft.), not involving a hard surface, the first two hundred feet (200 ft.) shall be at the Standard Installation rate.

(c) Provided Franchisee has at least ninety (90) days' prior written notice concerning the opening of residential subdivision trenching, or of the installation of conduit for the location of utilities, it shall install its cable in such trenching or conduits or may seek permission to utilize alternative trenching or conduits within a comparable time frame. If a substantial quantity of cable is required for a large subdivision and said quantity is not in stock, the Franchisee shall be allowed additional time for said installation. The Franchising Authority, or its designee, shall exercise reasonable efforts to have the Planning Board and developers give timely written notice of trenching and underground construction to the Franchisee. Developer shall be responsible for the digging and back-filling of all trenches.

SECTION 3.2 - CONSTRUCTION OF LINE EXTENSIONS IN AREAS NOT OTHERWISE QUALIFIED UNDER SECTION 3.1

a) The Company shall provide cable service to dwelling units not meeting the above density requirement set forth in section 3.1(a), if the requesting customers contribute to the capital cost of construction for extending the line. The cost of contribution by such customers shall be calculated by taking the capital cost of extending such service divided by the number of dwelling units in such area which commit to a two year service agreement minus the costs of extending service to dwelling units in an area along the Public Ways that meets the twenty (20) dwelling units per aerial mile, or forty (40) dwelling units per underground mile, or fractional proportion thereof as specified in 3.1 (a) above. The resulting aid in construction cost shall equal the per dwelling unit contribution relating to line extension of cable service in that particular area of the Town, or:

$$C/LE - CA/P = AC$$

- * C equals the cost of construction of new plant from existing Cable System from the end of the current serviceable line to the last pole necessary to serve the last participating dwelling unit. The costs do not include the installation charges;
- * LE equals the number of dwelling units requesting two year service in the line extension area and who subsequently pay a contribution in aid;
- * CA equals the average cost of construction per mile in the primary service area;
- * P equals franchise density of twenty (20) dwelling units per aerial of aerial plant or forty(40) dwelling units per underground mile; and
- * AC equals aid in construction per dwelling unit in the line extension area.

(B) Each verified subscriber shall pay his/her proportionate share of the cost of the line extension according to the formula in Section 3.2(a) above. Franchisee may require prepayment of the contribution in aid of construction and written commitment for basic cable television service.

C) Whenever a prospective subscriber or subscribers located in a line extension area requests a site survey to determine the cost of bringing cable service, Franchisee shall, within thirty (30) days of the request, conduct a survey and inform each of the prospective subscribers of the contribution in aid of construction that may be charged. Franchisee shall apply for pole attachment agreements within thirty (30) days of its receipt of the contribution in aid of construction from all subscribing dwelling units, and shall make available cable service within ninety (90) days from the receipt of the pole attachment agreements and other necessary permits by Franchisee, subject to weather, Force Majeure, and the performance of make ready.

SECTION 3.3 - SUBSCRIBER NETWORK

The Franchisee shall maintain a Cable Television System, fully capable of carrying a minimum bandwidth of 750MHz.

SECTION 3.3 - SUBSCRIBER NETWORK CABLE DROPS

(a) The Franchisee shall maintain the current level of existing active Drops, Outlets and Basic Cable Service, at no charge to the Town, to each Public Building located along the existing

cable route as of the Effective Date, as designated by the Franchising Authority within the Town, listed in **Exhibit A** attached hereto, provided such are considered to be a Standard Installation and absent of other unusual installation conditions and requirements.

(b) Franchisee shall provide one (1) Standard Installation, Drop, Outlet and Basic Cable Service at no charge to all new Public Buildings and other Town owned Public Buildings, along the Distribution Cable subject to the limitations set forth above. The Franchising Authority or its designee shall consult with a representative of the Franchisee to determine the appropriate location for each Outlet prior to requesting that the Franchisee install the free service.

(c) Nothing in this Section shall require the Franchisee to move existing Drops or Outlets, as listed in **Exhibit A**, or install an additional Drop or Outlet at no charge to any municipal or Town owned or leased Public Building which already have a Drop or Outlet.

(d) It is understood that the Franchisee shall not be responsible for any internal wiring of such Public Buildings.

SECTION 3.4 - PARENTAL CONTROL CAPABILITY

(a) Pursuant to applicable law, upon request, and at no separate, additional charge, the Franchisee shall provide Subscribers with the capability to control the reception of any channel on the Cable Communications System.

(b) The Franchising Authority acknowledges that the parental control capability may be part of a converter box and the Franchisee may charge Subscriber for use of said box.

SECTION 3.5 - EMERGENCY ALERT OVERRIDE CAPACITY

The Franchisee shall comply with the FCC's Emergency Alert System ("EAS") regulations.

ARTICLE 4
TECHNOLOGICAL & SAFETY STANDARDS

SECTION 4.1 - SYSTEM MAINTENANCE

(a) In installing, operating and maintaining equipment, cable and wires, the Franchisee shall avoid damage and injury to trees, structures and improvements in and along the routes authorized by the Franchising Authority, except as may be approved by the Franchising Authority if required for the proper installation, operation and maintenance of such equipment, cable and wires.

(b) The construction, maintenance and operation of the Cable Television System for which this Renewal Franchise is granted shall be done in conformance with all applicable laws, bylaws/ordinances of general applicability, codes and regulations, including but not limited to OSHA, the National Electrical Safety Code, and the rules and regulations of the FCC as the same exist or as same may be hereafter changed or amended.

(c) Operating and maintenance personnel shall be trained in the use of all safety equipment and the safe operation of vehicles and equipment. The Franchisee shall install and maintain its equipment, cable and wires in such a manner as shall not interfere with any installations of the Town or any public utility serving the Town.

(e) The signal of any Broadcast station carried on the Cable Television System shall be carried without material degradation in quality at all subscribing locations within the limits imposed by the technical specifications of the Cable System and as set forth by the FCC. The Cable System shall be operated and maintained so as to comply with the technical standards set forth in the FCC's rules and regulations as they apply to cable television systems.

(f) Upon written notice from the Franchising Authority, the Franchisee shall remedy a general deficiency with respect to the technical standards described herein within three (3) months of receipt of notice and a safety deficiency within forty-eight (48) hours of receipt of notice and shall notify the Franchising Authority when the deficiency has been corrected.

SECTION 4.2 - CABLE LOCATION

(a) In all areas of the Town where all of the transmission and distribution facilities of all public or municipal utilities are installed underground, Franchisee shall install its Cable System underground provided that such facilities are actually capable of receiving the Franchisee's cable and other equipment without technical degradation of the Cable System's signal quality.

(b) In all areas of the Town where public utility lines are aerially placed, if subsequently during the term of the Franchisee Renewal such public utility lines are required by local ordinance or State law to be relocated aerially or underground, Franchisee shall similarly relocate its Cable System if it is given reasonable notice and access to the public and municipal utilities facilities at the time that such are placed underground. Any costs incurred by the Franchisee for relocating utility poles or trenching for the placement of underground conduits shall be entitled to reimbursement of such relocation costs in the event public or private funds are raised for the project and made available to other users of the Public Way.

(c) Provided Franchisee has at least ninety (90) days' prior written notice concerning the opening of residential subdivision trenching, or of the installation of conduit for the location of utilities, it shall install its cable in such trenching or conduits or may seek permission to utilize alternative trenching or conduits within a comparable time frame. If a substantial quantity of cable is required for a large subdivision and said quantity is not in stock, the Franchisee shall be allowed additional time for said installation. The Franchising Authority, or its designee, shall exercise reasonable efforts to have the Planning Board and developers give timely written notice of

trenching and underground construction to the Franchisee. Developer shall be responsible for the digging and back-filling of all trenches.

(d) Nothing in this Section shall be construed to require the Franchisee to construct, operate, or maintain underground any ground-mounted appurtenances such as customer taps, line extenders, system passive devices, amplifiers, power supplies, pedestals, or other related equipment.

SECTION 4.3 - REPAIRS AND RESTORATION

Whenever the Franchisee takes up or disturbs any pavement, sidewalk or other improvement of any public right of way or public place, the same shall be replaced and the surface restored in as good condition as possible as before entry as soon as practicable. If the Franchisee fails to make such restoration within a reasonable time, the Franchising Authority may fix a reasonable time for such restoration and repairs, and shall notify the Franchisee in writing of the restoration and repairs required and the time fixed for the performance thereof. Upon failure of the Franchisee to comply within the time specified, the Franchising Authority may cause proper restoration and repairs to be made and the expense of such work shall be paid by the Franchisee upon written demand by the Franchising Authority. However, prior to such repair or restoration the Town should submit a written estimate to the Franchisee of the actual cost of said repair or restoration.

SECTION 4.4 - TREE TRIMMING

The Franchisee shall have authority to trim trees upon and overhanging public streets, alleys, sidewalks and ways and places of the Town so as to prevent the branches of such trees from coming in contact with the wires, cables and equipment of the Franchisee, in accordance with applicable state law and any Town bylaws/ordinances and regulations.

SECTION 4.5 - BUILDING MOVES

In accordance with applicable laws, the Franchisee shall, upon the written request of any person holding a building moving permit issued by the Town, temporarily raise or lower its wires to permit the moving of the building(s). The Franchisee shall be given not less than thirty (30) days' advance written notice to arrange for such temporary wire changes. The cost to raise or lower wires shall be borne exclusively by the person(s) holding the building move permit.

SECTION 4.6 – PLANT MAPS

The Franchisee shall maintain a complete set of plant maps of the Town, which will show those areas in which its facilities exist. SECTION 6.1 - PEG ACCESS CHANNEL(S)

(a) Use of channel capacity for public, educational and governmental (“PEG”) access shall be provided in accordance with federal law, 47 U.S.C. 531, and as further set forth below. Franchisee does not relinquish its ownership of or ultimate right of control over a channel by designating it for PEG use. A PEG access user – whether an individual, educational or governmental user – acquires no property or other interest by virtue of the use of a channel so designated, and may not rely on the continued use of a particular channel number, no matter how long the same channel may have been designated for such use. Franchisee shall not exercise editorial control over any public, educational, or governmental use of channel capacity, except Franchisee may refuse to transmit any public access program or portion of a public access program that contains obscenity, indecency, or nudity pursuant to Section 611 of the Cable Act. The Franchising Authority shall be responsible for developing, implementing, interpreting and enforcing rules for PEG Access Channel use which shall insure that PEG Access Channel(s) and PEG Access equipment will be available on a first-come non-discriminatory basis.

(b) Franchisee, upon twelve (12) months prior written notice from the Franchise Authority, shall designate one digital Channel to be used for non-commercial public access video programming provided by the Franchise Authority or its designee (the “Access Provider”), non-commercial educational access video programming provided by the Franchise Authority or designated educational institution, and/or non-commercial governmental video programming

If there is no Channel available, the Franchisee shall have twenty-four (24) months following receipt of the Franchise Authority's written request in which to make such new Channel available. Unused time on the Channel may be utilized by Franchisee subject to the provisions for "fallow time" set forth in subsection (b) below.

(b) In the event the Franchise Authority or other PEG access user elects not to fully program its Channel, Franchisee may reclaim any unused time on the Channel(s).

(c) The Town or the Access Provider shall be responsible for paying the costs of constructing the video return link and activating the PEG channel. The amount shall be due and payable, based on a formal written estimate from the License, prior to the commencement of construction. The Town may use collected franchise fees to pay for construction.

At the Franchisee-owned head-end, said PEG Access Programming shall be retransmitted in the downstream direction on one Franchisee-owned Subscriber Network downstream PEG Access Channels.

(b) The Franchisee shall provide and maintain all necessary switching and/or processing equipment located at its hub-site or headend in order to switch upstream signals carrying PEG Access Programming from the PEG studio location to the designated Franchisee-owned Subscriber Network downstream PEG Access Channel.

(c) The Franchisee shall own, maintain, repair and/or replace any Franchisee-owned headend or hub-site audio or video signal processing equipment. The Town and/or PEG access

provider shall own, maintain, repair and/or replace studio or portable modulators and demodulators. SECTION 6.6 – INTERCONNECTION WITH COMPETING CABLE FRANCHISE

The Franchising Authority acknowledges that under the Cable Act, certain costs, including but not limited to costs of Public, Educational and Governmental ("PEG") Access, the cost to construct video return lines, from video origination sites, the cost to activate a PEG channel and the cost of other franchise requirements may be passed through to the Subscribers in accordance with federal law.

The Franchisee shall not be required to provide Subscriber information in violation of 47 U.S.C. 551 or any other applicable federal or state privacy law. For purposes of this Section, the terms “proprietary or confidential” include, but are not limited to, information relating to the Cable System design, customer lists, marketing plans, financial information unrelated to the calculation of franchise fees or rates pursuant to FCC rules, or other information that is reasonably determined by the Franchisee to be competitively sensitive. In the event that the Franchising Authority receives a request under a state “sunshine,” public records or similar law for the disclosure of information the Franchisee has designated as confidential, trade secret or proprietary, the Franchising Authority shall notify Franchisee of such request and cooperate with Franchisee in opposing such request.

The Franchisee shall report to the affected parties any instances of monitoring or tapping of the Cable Television System, or any part thereof, of which it has knowledge, whether or not such activity has been authorized by the Franchisee. The Franchisee shall not record or retain any information transmitted between a Subscriber or user and any third party, except as required for lawful business purposes.

In the event that the Franchising Authority has reason to believe that the Franchisee has defaulted in the performance of any or several provisions of this Renewal Franchise, except as excused by Force Majeure, the Franchising Authority shall notify the Franchisee in writing, by certified mail, of the provision or provisions which the Franchising Authority believes may have been in default and the details relating thereto. The Franchisee shall have ninety (90) days from the receipt of such notice to:

Within thirty (30) days of receiving a request for consent, the Franchising Authority shall, in accordance with FCC rules and regulations, notify the Franchisee in writing of the additional information, if any, it requires to determine the legal, financial, and technical qualifications of the transferee or new controlling party. If the Franchising Authority has not taken action on the Franchisee's request for consent within one hundred twenty (120) days after receiving such request, consent shall be deemed given.

(a) All presently and hereafter applicable conditions and requirements of federal, state and local laws, including but not limited to the rules and regulations of the FCC and the State of

New Hampshire, as they may be amended from time to time, are incorporated herein by reference, to the extent not enumerated herein. All such general laws, rules, and regulations, as amended, shall control the interpretation and performance of this Renewal Franchise to the extent that any provision of this Renewal Franchise conflicts with or is inconsistent with such laws, rules or regulations.

(b) Should the State of New Hampshire, the federal government or the FCC require the Franchisee to perform or refrain from performing any act the performance or non-performance of which is inconsistent with any provisions herein, the Franchising Authority and the Franchisee will thereupon, if they determine that a material provision herein is affected, modify any of the provisions herein to reflect such government action.
