Gentlemen:

The city council at its meeting on December 2, 1981 reviewed your letter of November 20, 1981 to me concerning the sale of Twin State Cable TV to TCI-Taft Cablevision Associates. The city council indicated that it had no objections to the sale as proposed.

Before considering a franchise agreement, the council requested me to review the proposed franchise that you have negotiated with Hanover and to report back to them. I would expect to be doing such a review in January.

I wish TCI-Taft Cablevision Associates the best of luck in the future operation of the cable system and look forward to improvements in the services available to the subscribers and an expansion in the number of residents to whom this service will be available.

Sincerely yours,

John B. Wheeler
City Manager
