This map displays broadband access information submitted to the NH Broadband Mapping & Planning Program (NHBMPP) as of March 31, 2013. The map has been generated for the sole purpose of verifying locations of DSL and cable broadband services in each town in New Hampshire.  Broadband is defined as access that is at least <b>768 kbps downstream</b> and <b>200 kbps upstream</b> .  For more information on this project, please visit the NHBMPP web site at: <a href="iwantbroadbandnh.org">iwantbroadbandnh.org</a>	MetroCast Cable OTT Communications TDS TELECOM  Housing Units date derived from 2010 US Census  MetroCast OTT Communications TDS TELECOM  DSL  DSL  Housing Units date derived from 2010 US Census	Belknap Sullivan Merrimack Strafford Rockingham Cheshire Hillsborough  Locus Map  The New Hampshire Broadband Mapping and Plant Program is funded under grant #33-50-M09048 from US Dept. of Commerce to the University of New Hampshire American Sullivan Program is funded under grant #33-50-M09048 from US Dept. of Commerce to the University of New Hampshire Broadband Mapping and Plant Program is funded under grant #33-50-M09048 from US Dept. of Commerce to the University of New Hampshire Broadband Mapping and Plant Program is funded under grant #33-50-M09048 from US Dept. of Commerce to the University of New Hampshire Broadband Mapping and Plant Program is funded under grant #33-50-M09048 from US Dept. of Commerce to the University of New Hampshire Broadband Mapping and Plant Program is funded under grant #33-50-M09048 from US Dept. of Commerce to the University of New Hampshire Broadband Mapping and Plant Program is funded under grant #33-50-M09048 from US Dept. of Commerce to the University of New Hampshire Broadband Mapping and Plant Program is funded under grant #33-50-M09048 from US Dept. of Commerce to the University of New Hampshire Broadband Mapping and Plant Program is funded under grant #33-50-M09048 from US Dept. of Commerce to the University of New Hampshire Broadband Mapping and Plant Program is funded under grant #33-50-M09048 from US Dept.	lu nina
