LEGEND

The legend is divided into two columns. The left column lists road types with corresponding colored line segments: Divided Highway Limited Access (red line with a blue and red shield icon), Turquoise Toll Road (solid turquoise line with a green toll icon), U.S. Route (green line with a white shield icon containing the number 3), and N.H. Route (light green line with a white shield icon containing the number 4). Below these are four categories of roads: State Roads (Carries NO Route Number), Local Roads, Class 6 Roads (Not Maintained), and Private Roads. The right column lists geographical features with corresponding icons: Lakes & Ponds (blue wavy line icon), State Parks (brown rectangle icon), National & State Forests (green rectangle icon), and Reference Node (red circle icon). At the bottom, four line styles are shown: a solid grey line for State Line, a dashed grey line for County Line, a dashed black line for Town Line, and a blue line for Rivers & Streams.
