LEGEND

The legend is organized into two columns. The left column lists road types with corresponding symbols: a red line with a blue and red shield for 'Divided Highway Limited Access' (with an example of I-95), a green line with a green shield for 'Turnpike Toll Road' (with an example of SR 9A), a black line with a white shield for 'U.S. Route' (with an example of US 3), and a black line with a white shield for 'N.H. Route' (with an example of NH 4). Below these are four categories of roads: 'State Roads (Carries NO Route Number)' represented by a solid black line, 'Local Roads' represented by a dashed black line, 'Class 6 Roads (Not Maintained)' represented by a dotted black line, and 'Private Roads' represented by a dashed black line. The right column lists land use features with corresponding symbols: a blue wavy line for 'Lakes & Ponds', a brown rectangle for 'State Parks', a green rectangle for 'National & State Forests', and a red dot for 'Reference Node'.
